Georgia's Beginnings Study Guide **Oglethorpe, Tomochichi, and Musgrove**

Test Date: _____

Students need to know the definitions for the following vocabulary words:

civility– being polite and treating people with respect

dependability– reliable; responsible; people can count on you

trustworthy– showing people they can trust you through your words and actions

honest– telling the truth

explorer– someone who travels to find new things and places

colony– a settlement in one country that is ruled by a different country

colonist– someone who lives in a colony

The students need to know the following about the founding of Georgia.

- James Oglethorpe was the leader of the English settlers.
- James Oglethorpe named Georgia after King George of England.
- Savannah was the first settlement in Georgia.
- The first settlement was built next to the Savannah River.
- Tomochichi started the village of Yamacraw Bluff. It was on a bluff next to a river.
- Tomochichi wanted the English to treat his people fairly.
- The Yamacraw taught the English settlers to grow crops for food.
- Tomochichi thought it was important to learn the language of the English settlers.
- Tomochichi is remembered for keeping peace.
- James Oglethorpe asked Mary Musgrove to help him communicate with the Creek.
- Mary Musgrove owned a trading post.
- Mary Musgrove could communicate in English and Creek because she lived in an English settlement and a Creek village when she was growing up.
- James Oglethorpe, Tomochichi and Mary Musgrove helped found Georgia.

Please note: In addition to the information provided on this study guide, students may also have to read and answer questions based on graphs or charts, as well as infer from the information given.
